

# SOLART-SYSTEM LTD.

An Engineering Company for Solar Energy

20 Gulyás Street Budapest XI. Hungary 1112  
e-mail: mail@solart-system.hu

Phone/fax: +361 2461783  
web: www.solart-system.hu

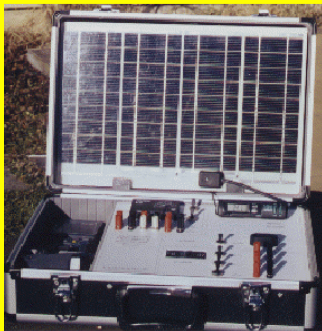

Solart-System Ltd. was founded in 1990 and has the following main areas of activity:

- research and development of solar energy systems
- promotion of renewable energy sources in Hungary and Eastern Europe
- projecting, elaborating, project managing
- completing of PV equipment on turn-key basis
- engineering & consulting
- export / import

Main technical areas of activity are as follows:

- silicon solar cells and modules
- PV application
- PV autonomous power supplies
- PV grid connected systems
- PV quasiautonomous systems
- system integration
- solar educational systems

Implementation of the following EU project:

- Small Power Photovoltaic (PV) Systems for social objectives in remote areas (SPORE). (1998-2001) Contract Nr. ICOP-DEMO-4008/98
- PV-NAS-NET (2003-2005) Contract nr. ENK5-CT-2002-80646

The Managing Director and founder of Solart-System Ltd. is Miklós Pálffy, who was General Manager of Solarlab, the Photovoltaic developing and manufacturing plant belonging to Pannonglas Ltd. He previously worked with his team at the Research Institute of the Electrical Industry (VKI), establishing the Solar Department.

Miklós Pálffy is recognized as Hungary's leading expert in photovoltaics. ISES member since 1990 and head of PV section in Hungary. He was one of the founders of the Hungarian Solar Energy Society (HISES). Member of EU PV Platform.
